The deposits were accompanied by: a scientific description X a proposed taxonomic description indicated
above. The deposits were received July 23, 1999 by this International Depositary Authority and have been
accepted.AT YOUR REQUEST: X We will inform you of requests for the strains for 30 years.The strains will be made available if a patent office signatory to the Budapest Treaty certifies one's right to
receive, or if a U.S. Patent is issued citing the strains, and ATCC is instructed by the United States Patent &
Trademark Office or the depositor to release said strains.If the cultures should die or be destroyed during the effective term of the deposit, it shall be your responsibility
to replace them with living cultures of the same.The strains will be maintained for a period of at least 30 years from date of deposit, or five years after the most
recent request for a sample, whichever is longer. The United States and many other countries are signatory to
the Budapest Treaty.The viability of the cultures cited above was tested July 29, 1999. On that date, the cultures were viable.
